Our camping philosophy

To us, camping allows you to spent precious time and share long lasting memories with your loved ones, submerged in a preserved natural environment. That's the reason why, we have very few rentals. To promote conviviality, our pitches don't have systematic plant screens but their limits are discretely defined.

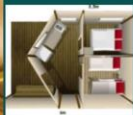

Prepare your holidays is also part of vacation. To help you choose your pitch, the campsite is composed by 4 zones. On site or when making the reservation, let us know if you need any assistance. In love with th Verdon for 3 generations, we'll also be delighted to share with you our tips to make the most of your time here.
