Our camping pitches

At Chasteuil Verdon Provence, we have several "zones", several atmospheres. Which one is the most like you?

Standard area: 100m²

XXL area: 130 m²

ZONE VERDON

The Verdon Zone is located near the river. These pitches are mostly shaded and rather cool, to enjoy a magnificent setting.

ZONE CERISIER

The Cherry Zone is located away from the other zones. This is the small campsite of the campsite, a small corner set back by the river, where only tents and small caravans have access.

ZONE CENTRE

The Center Zone is the living area of the campsite. With a majority of shaded pitches, it is located near the services and activities of the campsite.

ZONE HAUTEURS

The Heights Zone is located on the other side of the departmental road. Arranged in terraces, not overlooked, it is a quiet place. The pitches are with sun or with shade, as you prefer :)

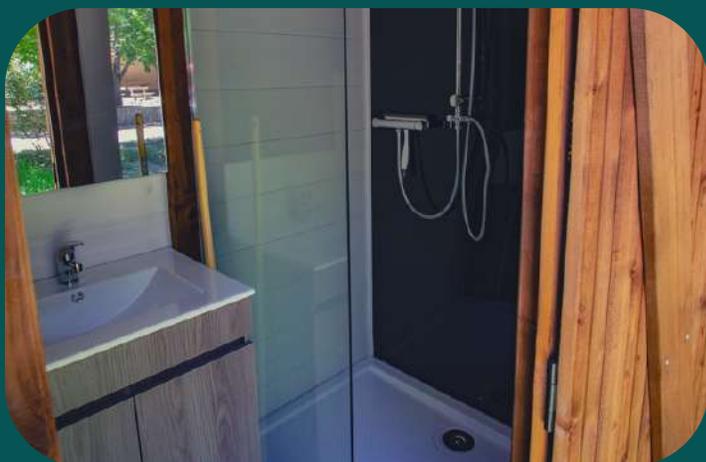

Our pitches with private sanitary facilities

Be in the spirit of camping, closer to nature, sleeping in your own tent/caravan while enjoying yourself by offering maximum comfort with individual sanitary facilities. We have installed 8 pitches with private sanitary facilities. Located in the Center area, these pitches measure approximately 100 m² and are suitable for tents, caravans or motorhomes. The toilet block consists of a shower, sink, toilet and an outdoor sink.

The rental of a pitch with private sanitary facilities includes the rental of a 100L fridge and a garden furniture kit (table and chairs)

In addition, this toilet block is Made in France and PEFC certified!

Our philosophy

For us, camping is above all an opportunity to get together as a family, as a couple or with friends in a unique, unspoilt natural setting. It's a way of spending your vacation that's as close to nature as possible, where you can get back to basics. That's why the 6.5-hectare estate has a majority of camping pitches and only a few rental units.

For a more convivial atmosphere, our pitches are not systematically bordered by hedges.

Preparing your stay is the beginning of your vacation. To help you choose your pitch, the campsite is divided into 4 zones. On site or when booking, don't hesitate to ask our local knowledge to help you choose your pitch. We've been in love with our region for generations, and we'd be delighted to share our tips for discovering the area with you.
